

FOR IMMEDIATE RELEASE

The EADS Group Opens New Office in Lewistown, PA

Altoona, PA (12/14/11) –The EADS Group, Inc. (EADS), an engineering, architectural and design firm, has recently opened a new office at 147 E. Market Street in Lewistown, PA. The new office is the seventh and easternmost EADS location.

EADS enjoys several successful working relationships in the area including serving as Mifflin County and Armagh Township's Engineer and has completed several notable projects including the award-winning Lewistown Narrows improvements.

President and CEO, Dennis Stidinger commented, "The expansion will allow EADS to better serve existing clients and also develop relationships with businesses and organizations in the surrounding community as the firm continues to grow."

The EADS Group, Inc. is a multi-disciplined engineering, architectural and design firm that has proudly served the region for over 50 years. EADS specializes in civil engineering, architecture, site development, highways, bridges, water and wastewater, surveying, mapping, planning, construction inspection and environmental services. EADS employs over 200 professionals at offices in Altoona, Somerset, Pittsburgh, Clarion, Johnstown and Lewistown, PA and Cumberland, MD.
